

## Welding and Nondestructive Testing Licensure Disclosure

Upon earning an [Associate of Applied Science in Welding and Fabrication Technology](#) or [Certificate of Applied Science in Welding and Fabrication Technology](#), graduates should be qualified for the following [American Welding Society](#) certifications:

- AWS D 1.1 in Limited Thickness Certification
- AWS D 1.1 in Unlimited Thickness Certification
- AWS D 1.1 Pipe Certification

Upon earning an [Associate of Applied Science in Welding and Inspection Technology](#), graduates should be qualified for the following [American Welding Society](#) (AWS) and [American Society for Nondestructive Testing](#) (ASNT) certifications:

- AWS D 1.1 in 3/8" Plate Certification
- AWS D 1.1 in Unlimited Thickness Certification
- AWS D 1.1 Pipe Certification
- ASNT Level II Education Requirements for Certification. ASNT also requires documented work experience.

Upon earning the [Certificate of Technical Studies in Welding Technology](#), graduates should be qualified for the following certifications:

- SMAW 2G limited thickness or
- SMAW 3G limited thickness
- 3/8" (mild steel)

Upon earning a [Certificate of Technical Studies in Welding Technology](#), graduates will have achieved the educational requirements necessary to take the [American Society for Nondestructive Testing](#) (ASNT) Level II National Certification exam. ASNT requires documented work experience as part of the application for the Level II exam.

Licensure is not required by the state of Montana for welding or nondestructive testing.

This disclosure indicates, as of May 18, 2022, the states that FVCC has determined through a reasonable, good faith effort that the welding and nondestructive testing programs meet or do not meet the educational requirements for licensure or certification, or for which states FVCC has yet to make a determination.

If you are planning to pursue professional licensure or certification in a state other than Montana, we recommend that you contact the appropriate licensing board in that state to seek information and guidance regarding licensure or certification requirements before beginning an academic program.

State and Territory	Meets Educational Requirements for Licensure
Alabama	Undetermined
Alaska	Undetermined
Arizona	Undetermined

Arkansas	Undetermined
