

## Paramedicine Licensure Disclosure

Upon earning an [Associate of Applied Science in Paramedicine](#), students will be prepared to sit for the National Registry of Emergency Medical Technicians (NREMT) written and practical examinations at the paramedic level. For more information, visit the [National Registry of Emergency Technicians](#) website. After passing the NREMT written and practical examinations, graduates of this program are eligible to apply to the Montana Board of Medical Examiners for paramedic licensure in Montana.

This disclosure indicates the states and territories that FVCC has determined through a reasonable, good-faith effort that the paramedicine program meets or does not meet the educational requirements for licensure or certification, or for which FVCC has yet to make a determination.

If you are planning to pursue professional licensure or certification in a state other than Montana, we recommend contacting the appropriate licensing board in that state to seek information and guidance regarding licensure or certification requirements before beginning an academic program.

<b>State/Territory</b>	<b>Agency</b>	<b>Meets Educational Requirements for Licensure</b>
